

Harlton Gardening Club : Report for Harlton PC Annual Meeting 30th April 2024

Harlton Gardening Club has had a positive year; in the twelve months there has been a very successful plant sale; three well attended summer garden visits and a very enjoyable summer lunch party in Roger and Gillian Mortimer's delightful garden (many thanks to Roger and Gillian); and our regular meetings in the village hall.

Our meetings have been well attended and we have enjoyed a variety of interesting speakers with a wide range of topics, all with a gardening related theme. The AGM prior to the Christmas social evening resulted in a change of chairperson from John Helmsing to myself– many thanks to John for all his hard work over the past years as chairman. Also many thanks to all our committee members who work hard to keep the club running smoothly.

Membership of the Gardening Club has increased slightly over the past year - new members are always welcome. Our finances are stable but the increasing cost of speakers remains a concern. In the year to come, we look forward to the plant sale on May 18th, summer visits to a nature reserve and two gardens in the local area, our summer lunch garden party in August and a Christmas wreath making workshop at the end of November in addition to our regular meetings and talks which resume in October.

Details of HGC meetings are always posted in "Church and Village" as well as on the Haslingfield and Harlton Facebook page and our village Whats App group. Harlton Village website also has information about HGC together with contact details.
